PART 1, AUGUST 1972

PAGE

MILES, M. A. *Trypanosoma cruzi* – milk transmission of infection and immunity from mother to young 1

MISHRA, A. C., BHAT, H. R. and KULKARNI, S. M. *Hoplopleura ramgarh* sp.nov. and *Hoplopleura sinhgarh* sp.nov. (Anoplura: Hoplopleuridae), parasitizing *Mus* spp. (Rodentia: Muridae) in India. (With 18 Figures in the Text) . 11

PURNELL, R. E., LEDGER, M. A. and OBATRE, J. B. Some effects of irradiation on *Theileria parva* in the salivary glands of the tick *Rhipicephalus appendiculatus*. (With 1 Plate) 23

GASSOUMA, M. S. S. Microsporidan parasites of *Simulium ornatum* Mg. in South England. (With 6 Plates and 7 Figures in the Text) 27

SEGUN, A. O. Distribution of acephaline gregarines of British earthworms and their comparison with those of other neighbouring European countries . 47

KUSEL, J. R. Protein composition and protein synthesis in the surface membranes of *Schistosoma mansoni*. (With 1 Plate and 8 Figures in the Text) . . 55

LEE, D. L. Changes in the ultrastructure of the caecum of chickens caused by *Trichomonas gallinarum*. (With 5 Plates) 71

MCVICAR, A. H. The ultrastructure of the parasite–host interface of three tetraphyllidean tapeworms of the elasmobranch *Raja naevus*. (With 4 Plates and 3 Figures in the Test) 77

HAWKING, FRANK. *Entopolypoides macaci*, a Babesia-like parasite in *Cercopithecus* monkeys. (With 5 Figures in the Text) 89

HOPKINS, C. ADRIAN, SUBRAMANIAN, G. and STALLARD, HELEN. The effect of immunosuppressants on the development of *Hymenolepis diminuta* in mice. (With 5 Figures in the Text) 111

KENNAUGH, J. H. Some observations on the cuticle of the larvae of *Hypoderma bovis* and *Hypoderma diana* (Oestridae). (With 1 Plate and 1 Figure in the Text) 121

KLIMES, B., ROOTES, D. G. and TANIELIAN, ZABEL. Sexual differentiation of merozoites of *Eimeria tenella*. (With 2 Plates) 131

GOODALL, R. IAN. The growth of *Hymenolepis microstoma* in the laboratory rat. (With 3 Figures in the Text) 137

ROGERS, A., KENYANJUI, E. N. and WIGGWAH, A. K. A high infection rate of *Trypanosoma brucei* subgroup in *Glossina fuscipes* 143

HO, JU-SHEY. Copepods of the family Chondracanthidae (Cyclopoida) parasitic on South African marine fishes. (With 7 Figures in the Text) 147

PAGE

LINGARD, ANN M. and CROMPTON, D. W. T. Observations on the establishment of *Polymorphus minutus* (Acanthocephala) in the intestines of domestic ducks. (With 2 Figures in the Text) 159

LEAHY, SR. MARY GERALD and GALUN, RACHEL. Effect of mating on oogenesis and oviposition in the tick *Argas persicus* (Oken). (With 7 Figures in the Text) 176

PART 2, OCTOBER 1972

WARREN, E. G. Two new species of *Toxocara* from viverrid hosts 179

HAWKING, F., GAMAGE, K. and WORMS, M. J. The asexual and sexual circadian rhythms of *Plasmodium vinckei chabaudi*, of *P. berghei* and of *P. gallinaceum*. (With 8 Figures in the Text) 189

JEYARASASINGHAM, U., HEYNEMAN, D., HOK-KAN LIM and MANSOUR, N. Life cycle of a new echinostome from Egypt, *Echinostoma liei* sp.nov. (Trematoda: Echinostomatidae). (With 1 Plate and 16 Figures in the Text) 203

HEYNEMAN, D., LIM, H.-K. and JEYARASASINGHAM, U. Antagonism of *Echinostoma liei* (Trematoda: Echinostomatidae) against the trematodes *Paryphostomum segregatum* and *Schistosoma mansoni* 223

GRAY, J. S. The effect of host age on the course of infection of *Raillietina cesticillus* (Molin, 1858) in the fowl. (With 5 Figures in the Text) 235

GRAY, J. S. Studies on the course of infection of the poultry cestode *Raillietina cesticillus* (Molin, 1858) in the definitive host. (With 5 Figures in the Text) . 243

BAKER, J. R., GREEN, SHEILA, M., CHALONER, LISBETH, A. and GABORAK, MARIA. *Trypanosoma* (*Schizotrypanum*) *dionisii* of *Pipistrellus pipistrellus* (Chiroptera): intra- and extracellular development *in vitro*. (With 2 Plates and 2 Figures in the Text) 251

TRIGG, P. I. and GUTTERIDGE, W. E. A rational approach to the serial culture of malaria parasites: evidence for a deficiency in RNA synthesis during the first cycle *in vitro* 265

ROSE, M. ELAINE. Immunity to coccidiosis: maternal transfer in *Eimeria maxima* infections 273

KENNEDY, C. R. The effects of temperature and other factors upon the establishment and survival of *Pomphorhynchus laevis* (Acanthocephala) in goldfish *Carassius auratus*. (With 6 Figures in the Text) 283

NAPPI, A. J. and STOFFOLANO JR., J. G. Haemocytic changes associated with the immune reaction of nematode-infected larvae of *Orthellia caesarion*. (With 5 Plates) 295

LACKIE, J. M. and ROTHERAM, SUSAN. Observations on the envelope surrounding *Moniliformis dubius* (Acanthocephala) in the intermediate host, *Periplaneta americana*. (With 3 Plates) 303

LEE, D. L. and MILLARD, B. J. Fine structural changes in *Eimeria tenella* from infections in chick embryos and chickens, after exposure to the anticoccidial drug robenidene. (With 5 Plates) 309

PAGE

McLaren, Diane J. Ultrastructural studies on microfilariae (*Nematoda: Filarioidea*). (With 6 Plates and 1 Figure in the Text) 317

Hutchinson, G. W., Lee, E. H. and Fernando, M. A. Effects of variations in temperature on infective larvae and their relationship to inhibited development of *Obeliscoides cuniculi* in rabbit. (With 2 Figures in the Text) . . 333

Beer, R. J. S. A rapid technique for the concentration and collection of Helminth eggs from large quantities of faeces. (With 2 Figures in the Text) . . 343

Bruce, A. J. *Filophryxus dorsalis* gen.nov., sp.nov., an unusual bopyrid parasite from eastern Australia 351

Hodasi, J. K. M. The effects of *Fasciola hepatica* on *Lymnaea truncatula*. (With 5 Figures in the Text) 359

Part 3, December 1972

Lackie, J. M. The effect of temperature on the development of *Moniliformis dubius* (Acanthocephala) in the intermediate host, *Periplaneta americana*. (With 1 Plate and 1 Figure) 371

Cox, F. E. G. Protective heterologous immunity between *Plasmodium atheruri* and other *Plasmodium* spp. and *Babesia* spp. in mice. (With 3 Figures in the Text) 379

Cox, F. E. G. Immunity to malaria and piroplasmosis in mice following low level infections with *Anthemosoma garnhami* (Piroplasmea: Dactylosomidae). (With 5 Figures in the Text) 389

Cox, F. E. G. Absence of immunity between *Trypanosoma musculi* and intra-erythrocytic protozoa in mice 399

Hilton, Donald, F. J. and Mahrt, Jerome L. Taxonomy of trypanosomes (Protozoa: Trypanosomatidae) of *Spermophilus* spp. (Rodentia: Sciuridae). (With 9 Figures in the Text) 403

Hilton, Donald, F. J. and Mahrt, Jerome L. Prevalence of *Trypanosoma otospermophili* (Protozoa: Trypanosomatidae) in five species of *Spermophilus* (Rodentia: Sciuridae). (With 3 Figures in the Text) 427

Wilson, R. A. Gland cells in the redia of *Fasciola hepatica*. (With 1 Plate and 1 Figure in the Text) 433

Long, P. L. and Rose, M. Elaine. Immunity to coccidiosis: effect of serum antibodies on cell invasion by sporozoites of *Eimeria in vitro* 437

Snow, Keith R. Larvae of the British Metastriata (Ixodoidea: Ixodidae). (With 18 Figures in the Text) 447

Matthews, B. E. Invasion of skin by larvae of the cat hookworm, *Ancylostoma tubaeforme*. (With 1 Plate and 4 Figures in the Text) 457

Londt, J. G. H. and Whitehead, G. B. Ecological studies of larval ticks in South Africa (Acarina: Ixodidae). (With 11 Figures in the Text) . . 469

Sprent, J. F. A. *Toxocara vajrasthirae* sp.nov. from the hog-badger (*Arctonyx collaris*) of Thailand. (With 17 Figures in the Text) 491

PAGE

LEE, D. L. Penetration of the skin by the infective larva of *Nippostrongylus brasiliensis*. (With 4 Plates). 499

MCLAREN, DIANE J. Ultrastructural and cytochemical studies on the sensory organelles and nervous system of *Dipetalonema viteae* (Nematoda: Filarioidea). (With 4 Plates and 1 Figure in the Text) 507

PHILLIPS, R. S., TRIGG, P. I., SCOTT-FINNIGAN, T. J. and BARTHOLOMEW, R. K. Culture of *Plasmodium falciparum in vitro*: a subculture technique used for demonstrating antiplasmodial activity in serum from some Gambians, resident in an endemic malarious area. (With 1 Plate and 1 Figure in the Text) 523

READER, TREVOR A. J. Ultrastructural and cytochemical observations on the body wall of the redia of *Sphaeridiotrema globulus* (Rudolphi, 1819). (With 4 Plates and 1 Figure in the Text). 537

JENKINS, D. CONWIL. *Nippostrongylus brasiliensis*: observations on the comparative immunogenicity of adult worms from primary and immune-adapted infections 547
